

# ANISH BHAKTA JOSHI

Frontend Developer (4 years of experience)

Mid-Baneshwor, Kathmandu • abjoshi98420@gmail.com • +977-9819398563, 9861292903

Software engineer with 4 years of experience in designing and developing dynamic, user-friendly web applications. Proficient in modern frontend technologies, including React.js, Next.js, and TypeScript, with a strong focus on responsive design and performance optimization. Experienced in building scalable UI components, state management, and integrating RESTful APIs. Passionate about creating seamless user experiences and staying updated with the latest web technologies.

## Skills

### Primary Expertise

- ReactJS, Next
- VueJS, Nuxt
- Angular
- React Native
- Typescript
- Material UI, Chakra, Shaden
- Tailwind CSS, SASS
- React Hook Form, yup, zod
- Redux, Zustand, Context Api
- Axios, React Query, GraphQL
- GraphDB, Neo4J, cypherQuery,
- Python, Django Rest Framework
- NodeJs

### Secondary Expertise

- Git
- Jira, Trello
- HTML, CSS
- Photoshop, Illustrator, Figma
- Premiere Pro, After Effects

## Experience

### 02/2025 – Present

**WEB DEVELOPER, CONTRACT**, BERGEN CENTER FOR ETHICS AND PRIORITY SETTING IN HEALTH(BCEPS)

- Designing and delivering scalable, high-performance front-end applications using Next.js framework.
- Developing modular and accessible UI components with a focus on reusability, performance tuning, and clean architecture.
- Translating UI/UX wireframes and mockups into pixel-perfect, interactive interfaces using tools like Figma and design systems.
- Collaborating closely with back-end teams to integrate RESTful APIs and ensure smooth data communication.
- Crafting responsive, mobile-first interfaces with Tailwind CSS, Styled Components, and ShadCn.
- Collaborating with the backend developers to develop REST apis in DRF, python.
- Managing application state using Redux Toolkit and Zustand based on project needs
- Monitoring and optimizing application load time, rendering speed, and performance bottlenecks across devices and browsers.
- Writing and maintaining technical documentation for UI components, workflows, and architectural decisions.
- Working collaboratively in Agile Scrum teams, participating in daily stand-ups, sprint planning, retrospectives, and reviews.

**11/2022 – Present**

**REACT DEVELOPER, HYBRID, CODE HIMALAYA PVT. LTD.**

- Developing and maintaining scalable front-end applications using React.js and Next.js.
- Building and optimizing reusable UI components for performance and accessibility.
- Collaborating with backend developers to integrate RESTful APIs
- Integrating and querying Neo4j GraphDB using GraphQL to manage relational data efficiently.
- Implementing responsive and mobile-friendly designs using modern CSS frameworks (Tailwind CSS, Styled Components) and UI libraries (ChakraUI and MaterialUI).
- Managing application state efficiently with Redux, Zustand, or Context API.
- Debugging and optimizing front-end performance for seamless user experiences.
- Ensuring cross-browser compatibility and adherence to web standards.
- Keeping up with the latest React ecosystem updates and best practices.
- Documenting front-end processes, UI components, and design systems.
- Meeting deadlines on fast-paced development projects and deliverables.
- Working in an agile scrum environment, participating in daily stand-up meetings to monitor progress and ensure timely delivery.
- Interviewing and managing the team for maintaining effective working relationships.

**08/2023 – 07/2024**

**SOFTWARE ENGINEER, FREELANCE, MEDIAHOLIC NEPAL PVT. LTD.**

- Developing and maintaining front-end applications using React.js and supporting mobile development with React Native.
- Building reusable UI components and ensuring responsive design across web and mobile platforms.
- Collaborating with backend developers to integrate APIs for web and mobile apps.
- Writing clean and maintainable code following best practices.
- Debugging and fixing UI issues to enhance user experience on both web and mobile.
- Implementing basic state management with Context API or Redux.
- Ensuring cross-browser compatibility, mobile responsiveness, and device compatibility.
- Learning and applying modern front-end tools, libraries, and mobile development practices.
- Assisting in optimizing application performance for web and mobile users.
- Staying updated with the latest trends in React and React Native development.

**01/2021 – 11/2022**

**CREATIVE DEVELOPER CUM WEB DEVELOPER, FREELANCE, BLINK MEDIA TECHNOLOGIES**

- Leading creative direction and strategy for branding, motion design, graphic design, photography, and videography.
- Designing and developing visually compelling websites using React.js and WordPress
- Creating engaging motion graphics and multimedia content for digital platforms.
- Managing client relationships, understanding requirements, and delivering tailored digital solutions.
- Ensuring brand consistency across web, print, and multimedia projects.
- Optimizing website performance, user experience, and SEO best practices.
- Overseeing the end-to-end production of visual assets, from concept to execution.
- Staying updated with the latest design trends, web technologies, and creative tools.

## **Education**

**2025 – Running**

**MASTERS IN INFORMATION TECHNOLOGY, Patan Multiple College**

**2018 – 2023**

**BACHELORS OF SCIENCE IN COMPUTER SCIENCE AND INFORMATION TECHNOLOGY, Himalaya Darshan College**

**2015 – 2017**

**HSEB +2 (Science), +2, KANTIPUR HIGHER SECONDARY SCHOOL**
